

# IT Products, Solutions, & Services to Empower Growth

## Here for you

Founded in 1987, PCMG has been on the front line of the technological revolution before smartphones, local area networks, or even the Internet. Over the decades, we've developed a robust portfolio of technology products and services for agencies, enterprises, governmental entities, educational institutions, and healthcare facilities. We are more than just a technology provider. We strive to be your organization partner and we succeed only when you achieve your IT goals.

## National Reach - Local Presence

### Federal, State & Local Government

PCMG has built a solid team of professionals who understand the unique challenges faced by those who serve the public sector. Since 1987 we have been addressing the IT requirements of customers in all areas of the Federal, State and Local Government. With a variety of GWAC Contracts, a full array of solutions and services as well as name-brand products from leading manufacturers, PCMG can support single item purchases as well as complex procurements. We're prepared to support your complete IT lifecycle and most demanding service needs. Our sales representatives are backed by highly accredited engineering resources with certifications at the highest technical levels.

### Education

As our school systems work toward implementing Common Core requirements and transitioning educators to meeting these goals, PCMG has the resources and expertise to assist. From 21st Century classroom technology options to operational technology infrastructure, our experts provide clear cut assessments of the solutions in place and can design, implement, manage and support a plan that updates and optimizes the learning environment.

# PCMG's Solution Technology Practices

Best in Class IT for Your Peace of Mind

PCMG has developed a number of key solutions to help address the needs of today's public sector agencies and institutions, and we're ready to help you maximize your IT infrastructure through:

## DATA CENTER

Whether physical, virtual, converged or software defined, your Data Center is the brain of your organization and PCMG Data Center solutions will keep it agile enough to tackle the most complex challenges.

## NETWORKING

PCMG can improve the security and performance of your network wired or wireless, LAN or WAN keeping critical applications like voice and video active so your workforce can stay productive.

## ENDPOINT & MOBILITY

Mobility solutions turn end point devices into valuable agency assets, enabling your team to securely access the organization's networks, data and applications extending the workplace to any place.

**SOFTWARE** Migrate, deploy and manage your organization's vital software with confidence as our experts provide the most cost-effective software solutions tailored to your specific agency needs.

**SECURITY** PCMG enables comprehensive end-to-end security solutions from industry leading security hardware, software and service providers. Security is at the core of everything we do.

**SERVICE FIRST** With decades of real world experience architecting, integrating and managing complex solutions and services, adherence to ITIL processes and a methodology that's focused on your agency's results.

**HYBRID CLOUD + CLOUD + ON-PREMISE** PCMG provides insight and expertise to help you weigh all the important accessibility, flexibility, security, control and cost factors.
